2019 Grads,

Congratulations! Soon you will be starting your senior year. Now is the time to start planning for your senior photos.

I don't have packages that restrict what sessions you do and what prints you order. You pick the sessions that work best for you. You may do a studio session or one of my location sessions. Most of my seniors do both a studio and a location session. You may change your outfits as many times as you like. We have no limit to the number of photos we take. Then you order only the size and quantity of prints you want.

Please book your session as early as possible to allow you as much time to plan and complete your session. Make your parents happy, book and complete your session early and save money! Visit my web site at partycrashers.com for more samples of my work and lots of helpful information.

Thank you and have a wonderful summer! I look forward to seeing you in the studio soon.
